TRAFFIC COMMISSION AGENDA REPORT

MEETING DATE: March 9, 2022

ITEM NUMBER: 6A

To: Chair Randall Hill & Members of the Traffic Commission

From: Ron Noda, Development Services Director

Subject: Findings Required by AB 361 for the Continued Use of Teleconferencing for Meetings

SUMMARY

For the Traffic Commission to continue to have the option to meet via teleconference during the pandemic, AB 361 requires the Traffic Commission to make specific findings at least every thirty (30) days.

RECOMMENDATION

Make the following findings by a majority vote of the Traffic Commission:

1. A state of emergency has been proclaimed by California's Governor due to the COVID-19 pandemic, and continues to be in effect;
2. The Traffic Commission has reconsidered the circumstances of the state of emergency; and
3. State and local officials continue to recommend measures to promote social distancing to slow the spread of COVID-19.

BACKGROUND

Assembly Bill 361 (AB 361) was signed into law by the Governor on September 16, 2021. A portion of AB 361 enacted amendments to California Government Code section 54953 regarding teleconference meetings. Those amendments authorize local agencies, like the City, to continue to conduct meetings by teleconference¹ during a Governor-proclaimed state of emergency² provided that certain findings are made by the legislative body, and provided that certain procedural requirements are met regarding public access to the meetings.

¹ A "teleconference" occurs for purposes of AB 361 whenever one or more members of the Traffic Commission connect to a Traffic Commission meeting via electronic means. Thus, even if four members of the Traffic Commission meet in person, if the fifth joins the meeting via Zoom, the meeting will be a teleconference meeting that must be conducted in accordance with the requirements of AB 361.

² For purposes of AB 361 "...state of emergency' means a state of emergency proclaimed pursuant to Section 8625 of the California Emergency Services Act..." Cal. Gov't Code Sec. 54953(e)(4). Section 8265 of CESA in turn refers to a state of emergency proclaimed by the Governor

A new requirement in AB 361 requires specific findings be reaffirmed at least every thirty (30) days in order for the Traffic Commission to continue to have the option for one (1) or more of its members to use teleconferencing.

DISCUSSION

Required Findings

The teleconference provisions in AB 361 may only be utilized as long as a Governor-proclaimed state of emergency remains active, or while state or local officials have recommended measures to promote social distancing. When either of those is the case (both are true at this time), then in order to continue to teleconference using the new provisions of AB 361, the Traffic Commission must make the following findings by majority vote every 30 days:

(A) The Traffic Commission has reconsidered the circumstances of the state of emergency; and

(B) Either of the following circumstances exist:

- (i) The state of emergency continues to directly impact the ability of the members to meet safely in person; or
- (ii) State or local officials continue to impose or recommend measures to promote social distancing³.

To comply with that requirement, the recommended action would have the Traffic Commission find each of the following:

- a. A state of emergency has been proclaimed by California's Governor due to the COVID-19 pandemic, and continues to be in effect;
- b. The Traffic Commission has reconsidered the circumstances of the state of emergency; and
- c. State and local officials continue to recommend measures to promote social distancing to slow the spread of COVID-19.

The "Every 30 Days Thereafter" Requirement

As noted above, AB 361 findings must be made "no later than 30 days after teleconferencing for the first time pursuant to [AB 361], and every 30 days thereafter..."

In order to preserve the option for the Traffic Commission or individual members of the Traffic Commission to participate in meetings during the pandemic via teleconference in the future, the Traffic Commission will have to adopt the required findings at least every 30 days.

Potential Consequence of Not Making the Findings Every 30 Days

³ Cal Gov't Code Sec. 54953(e)(3)

AB 361 does not expressly state what happens if a legislative body fails to make the required findings “every 30 days.” However, it expressly requires the timely re-approval of the findings “in order to continue to teleconference” in the manner that AB 361 authorizes.

As a result, if the Traffic Commission does not adopt the required findings every 30 days, then the Traffic Commission could be precluded from continuing to teleconference thereafter, perhaps even if the Traffic Commission was later willing to adopt the findings at a later date. For this reason, the City Attorney recommends that the Traffic Commission adopt the required findings at this time and at least every 30 days thereafter, unless the Traffic Commission decides as a permanent matter that it will no longer permit teleconferencing at all (e.g., regardless of whether the state of emergency worsens).

Procedural Requirements for The Conduct of Teleconference Meetings

AB 361 contains several new requirements for the conduct of teleconference meetings with which the City has prepared to comply. Specifically, each meeting must:

1. Allow members of the public to attend and comment at the meeting via call-in option or internet-based service option;
2. Protect the statutory and constitutional rights of the parties and the public appearing before the legislative body;
3. In the event of disruption which prevents broadcasting the meeting or which prevents members of the public from offering public comments via the call-in or internet-based option, the Traffic Commission must take no further action until the disrupted public access is restored;
4. The City may not require public comments to be submitted in advance, and must offer the opportunity for the public to offer comments “in real time” during the meeting; and
5. The public must be allowed “a reasonable amount of time per agenda item to allow members of the public to provide public comment, including time for members of the public to register [to log into the teleconference], or otherwise be recognized for the purpose of providing public comment.

- Cherry Street
- Toland Circle
- Kaylor Avenue
- Fenley Drive
- Holden Circle
- Del Norte Way
- El Dorado Way
- San Joaquin Avenue
- Toland Avenue
- Antietam Avenue
- Kearsarge Avenue
- Siboney Street
- Katella Avenue Frontage

- Paseo Bonito
- Lampson Frontage
- Lunar Drive
- Olympic Drive
- Satellite Drive

DISCUSSION

Project Bid Results

Notices announcing the solicitation of bids for this project were posted in the local publications consisting of: The Event News-Enterprise and the F.W. Dodge publication known as the "Green Sheet".

Bids for the Los Alamitos Street Improvement Project on Various Streets FY 2021-2022 Project (CIP No. 21/22-03), were publicly opened on December 15, 2021 at 11:00 am. From the seven (7) total bids received, it was determined that the lowest responsible bid submitted was from RJ Noble Company with the total Schedule A bid amount of \$1,172,160.00 (the Bid Schedule A Total was considered per the specifications for award). The overall total bid from RJ Noble Company (Schedule A + Schedule B + Schedule C) was \$1,378,015.00. The Schedule A bid results are provided below:

COPP CONTRACTING, INC	\$	1,337,935.00
HARDY & HARPER, INC.	\$	1,266,000.00
ALL AMERICAN ASPHALT	\$	1,256,165.00
EXCEL PAVING	\$	1,243,421.00
ONYX PAVING	\$	1,221,000.00
SEQUEL CONTRACTORS	\$	1,178,000.00
R.J. NOBLE CO	\$	1,172,160.00
Average	\$	1,239,240.14

The total bid from RJ Noble Company is as follows:

Schedule A (Los Alamitos Street Improvement Project):	\$1,172,160
Schedule B (City Parking Lot & Bollards):	\$ 103,150
Schedule C (Alley between Florista & Reagan):	<u>\$ 102,705</u>
Total Bid:	\$1,378,015

Schedule A

City of Los Alamitos

Projected Year One
Residential Street
Improvements

Schedule B

Schedule C

RJ Noble Company provided the lowest figure for Schedule A at the amount of \$1,172,160.00. An additional \$275,000 is being requested to cover the addition of Schedule B and C. The City's parking lot and the alley between Florista Street and Reagan Avenue are in extremely poor condition and will need to be done in the upcoming future. Adding the additional schedules to the Los Alamitos Street Improvement Project (Schedule A) will be a cost saving as factors such as staging fees, procurement of supplies and equipment, and efficiency of labor cost results in an overall cost savings.

The following represents an approximate timeline for the completion of the project which consists of: grind and overlay, signing and striping, and curb ramp replacement for the street improvement project:

- 02/28/2022 Award of Contract by the City Council
- 04/04/2022 Start of construction
- 06/27/2022 End of construction

FISCAL IMPACT

The total construction bid from RJ Noble Company is \$1,378,015.00 for the award of Schedule A, B and C of the bid package. The design, construction management, contingency and So Cal Edison light relocation budget is estimated to be \$374,683 for a total estimated project cost of \$1,752,698.
