Arbor Day Recap

Los Alamitos, CA – The City of Los Alamitos celebrated Arbor Day on Thursday, April 25, at Laurel Park with members of City Council, City Personnel, EPSON, and many guests throughout the City.

The event began with a united effort of planting two Eastern Buds at Laurel Park, joined by Council Member Doby, Public Works personnel, EPSON, Joe Peña, District representative of Senator Janet Nguyen, and children from the community. The event consisted of games, crafts, and activities for families to enjoy, including a face painter. EPSON generously passed out the seedlings they had donated to the community and even brought out a special guest, Shaq! (shown in the next page).

Attendees participated in family friendly games such as cornhole, mini basketball, ultimate frisbee, and spin the wheel where they were able to win giveaways. The crafts included designing a pinecone bird feeder, crafting a mini greenhouse in a bottle, painting beautiful flower pots, and digging into the sensory bins.

This was a fun yet simple way to remind everyone that trees are the silent heroes working to keep our planet healthy! Thank you to all who came and helped make this event so special!
