Tree Dedication Memorial Criteria

The City of Los Alamitos is pleased to memorialize someone special in a demonstration that is both everlasting and aesthetic. The following is the criteria for which each application will be received.

Tree can be selected from a pre-approved list provided by the City to be planted at a City park.

Purchase of a tree includes a bronze plaque and small pre-fabricated canister for flowers. The bronze plaque dimensions would consist of 4" x 8" set in 6"x 10" concrete base, set flush with grade performed by City staff. The character size of the script would be limited to fit the plaque, purchased by City staff through a local vendor.

The cost of the tree, plaque plus parts, and labor would be at the fair market value and remain consistent.

The location of the tree dedication memorial would be exclusive to City parks in areas that are predetermined by City Staff to ensure safety, proper maintenance, and visibility on behalf of those who purchase the package.

The formal request of a tree dedication memorial will require an application, proof of residency either by residence or business, and complete payment for service and parts.
